Psalm 91

He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty. I will say of the Lord, He is my refuge and my fortress my God in him will I trust.

Surely he shall deliver thee from the snare of the fowler, and from the noisome pestilence. He shall cover thee with his feathers, and under his wings shalt thou trust his truth shall be thy shield and buckler. Thou shalt not be afraid for the terror by night nor for the arrow that flieth by day nor for the pestilence that walketh in darkness nor for the destruction that wasteth at noonday. A thousand shall fall at thy side, and ten thousand at thy right hand but it shall not come nigh thee. Only with thine eyes shalt thou behold and see the reward of the wicked. Because thou hast made the Lord, which is my refuge, even the most High, thy habitation there shall no evil befall thee, neither shall any plague come nigh thy dwelling. For he shall give his angels charge over thee, to keep thee in all thy ways. They shall bear thee up in their hands, lest thou dash thy foot against a stone. Thou shalt tread upon the lion and adder the young lion and the dragon shalt thou trample under feet. Because he hath set his love upon me, therefore will I deliver him I will set him on high, because he hath known my name. He shall call upon me, and I will answer him I will be with him in trouble I will deliver him, and honour him. With long life will I satisfy him, and shew him my salvation.

Updated: 05/02/2021 by Computer Hope G may refer to any of the following: 1. Sometimes also displayed as , G is chat slang for a grin and is used to illustrate a grin (smile) while in a text-based communication. 2. G is a key used with the keyboard shortcuts Alt+G, Command+G, and Ctrl+G. 3. In a debug routine, "g" is entered to run the debug routine. 4. With some Logitech gaming keyboards, a "G" in a circle is a keyboard function key that enables Game mode. When enabled, Game mode disables the Windows key. For example, pressing Fn+F8 on the Logitech G513 keyboard enables and disables Game mode. When enabled an LED indicator next to the G in a circle appears in the top-right portion of the keyboard. 5. With Microsoft Excel and other spreadsheet programs, "G" is the seventh column of a spreadsheet. To reference the first cell in the column, you'd use "G1." 6. In the phonetic alphabet, "G" is often pronounced as "golf." 7. G is the seventh letter of the English alphabet. The letter "G" comes after "F" and is followed by the letter "H." To create a capitalized "G" press the Shift and G key at the same time. With U.S. QWERTY keyboards, the "G" key is on the home row, to the right of the "F" and left of the "H" key. See our keyboard page for a visual example of all keyboard keys. Tip In ASCII the uppercase "G" is "071" in decimal (01000111 in binary). The lowercase "g" is "103" in decimal (01100111 in binary). Computer slang. Letter.
